REFERENCE: CD02-13 EA Routine Shore Fire Control Party Training,
MCB Camp Lejeune, North Carolina

Dear Mr. Brewer:

The Division of Coastal Management has reviewed the referenced Environmental Assessment for consistency with the North Carolina Coastal Management Program pursuant to 15 CFR 930 Subpart C, Consistency for Federal Activities. The document describes and evaluates the potential impacts of conducting routine shore fire control party training (approximately thirty times per year) at Marine Corps Base Camp Lejeune, located in Onslow County, North Carolina. Based upon our review, we have determined that Department of the Navy's proposed action is consistent with the North Carolina Coastal Management Program, provided all other state and local authorizations are obtained prior to construction of the project, and that the environmental commitments described in the Environmental Assessment are fulfilled.

Per your request, we agree to waive the 90 day requirement specified in 15 930.41(c). If you have any questions, please contact Caroline Bellis at (919) 733-2293, extension 249. Thank you for your consideration of the North Carolina Coastal Management Program.

Sincerely,

Donna D. Moffitt
